

# **STOCKPORT PEACE FORUM REPORT: year ending 17<sup>th</sup> November 2008**

## **for AGM at 7.30pm on Tuesday 18<sup>th</sup> November 2008**

Stockport Peace Forum continues to organise regular meetings on subjects broadly in line with our aim to 'increase understanding of the causes of conflict and tensions ... and to bring together people and groups from all back grounds ...'. The committee meets every eight to ten weeks to arrange the meetings and other activities. There are currently twenty 'paid-up' members of SPF who may attend the AGM, stand for the committee and vote, and they receive a financial report. This annual report of activities is circulated, either by post or email to about 180 supporters, who are encouraged to become members by paying an annual £5 subscription.

### **Meetings:**

26<sup>th</sup> September '07: Dave Webb, from Network for Peace, gave an enlightening but worrying talk about the militarisation of space and the US Missile Defence system, subjects on which he has great in-depth knowledge.

31<sup>st</sup> October '07 - Sandy Broadhurst, who has worked with many Romany families in the Manchester area, talked about their rich culture, and their life and treatment here.

3<sup>rd</sup> January '08 - Julian Abrams spoke on "Working with the UN - does aid work?" giving us a very honest account about his experiences working abroad with the United Nations on development assistance projects.

5<sup>th</sup> March '08 - Rae Street told us about the history and latest developments at the Atomic Weapons Establishment at Aldermaston prior to the 'surround the base' demo on 24<sup>th</sup> March (see below).

23<sup>rd</sup> April '08 - Phoebe Spence introduced 'Sustainable Security' which, rather than trying to control the current symptoms, dealt with the long-term resolution of the causes of threats to our security and how we can influence these. This took the form of 'Working Group' discussions and was thought-provoking and productive.

24<sup>th</sup> June '08 - Showing of 'Occupation 101' DVD followed by discussion about the occupation of Palestine.

3<sup>rd</sup> July '08 – Two speakers on 'How we can stop torture and get justice for victims'; Richard Scorer, a lawyer acting for four British men who were detained and tortured in Saudi Arabia, and Maggie Harris, from the Medical Foundation for the Care of Victims of Torture, told us about their work with victims from their different perspectives.

8<sup>th</sup> September '08 - Rae Street provided us with detailed information about the breaking of the nuclear Non-Proliferation Treaty by the proposed NATO bases in eastern EU countries.

The attendance of meetings has varied from 10 to 20 plus.
